Objective

Experienced in Website development from planning to testing. I possess a Bachelor in Computer Application Degree and have more than 6 years of experience in building, developing and managing websites. Skilled in multitasking and working on several projects simultaneously. And having great communication skills to have a conversation with clients.

I'm a person totally obsessive about making things look good and I always seek to perfect myself in this field. New experiences and challenges get me excited and I'm really fond of learning more about technology and interactivity.

Technical Skills

- **Frontend Development:** Proficient in HTML, CSS, and JavaScript, with hands-on experience using libraries like React and jQuery. Skilled in CSS frameworks such as Tailwind CSS, Bootstrap and Sass.
- **3D Development:** Experienced in creating 3D web content using Three.js, React Three Fiber and Blender.
- **Animation & Interactivity:** Expertise in animation libraries including GSAP, Framer Motion, Animate.css, WOW.js, and ScrollMagic to enhance user experiences.
- **Development Tools:** Competent in using Vite for fast local development environments, with version control expertise using Git and GitHub. Experienced in deploying projects on platforms like Netlify and Vercel.
- **CMS Development:** Worked extensively with WordPress, including theme development and customization.
- **Database & Backend:** Knowledgeable in MySQL, PHP, and Firebase for backend development and cloud services integration..
- **Design & Prototyping:** Experienced in using design and prototyping tools such as Figma, Sketch, and Adobe XD to collaborate with designers and implement UI/UX designs. Proficient in translating these designs into functional web interfaces. Also skilled in graphic design software like Adobe Photoshop and Illustrator for asset creation.
- **Programming Languages:** Familiar with multiple programming languages including C, C++, C#, Java, and Python.
